

THE NEW JERUSALEM

SAHAJA YOGA UK - Adi Shakti Puja 2023

AUSPICIOUS LOCATIONS

THE NEW JERUSALEM

This document is accompanying the video with the same title offered at HH Shri Mataji's Holy Lotus Feet at Shri Adi Shakti Puja at Blossom Farm, UK 2023, featuring auspicious sites throughout The British Isles.

The movie can be found on Amruta: <https://www.amruta.org/heritage/>

Shri Mataji has Herself spoken about the Holy Land that are the British Isles. It is the physical Heart of the Virata, and its four chambers are Wales, Ireland, Scotland and England. Shri Mataji has mentioned many things in private conversations with yogis regarding this subject. We are ever grateful for those who have tirelessly researched further, toured the isles, offered Pujas at Holy sites such as Stonehenge and Mount Schiehallion, and confirmed this information through vibrations.

Our desire with this project is to bring the knowledge of these Holy places to all yogis. Shri Mataji has spoken of how our collective attention should be used to awaken, purify and worship them. We hope to inspire many yogis to travel to these places and contribute with their vibrations and peaceful meditations, offering of vibrated flowers, vibrated water, or even a full Puja.

It is of the utmost importance that we all use our *discretion* when visiting Holy places. As we connect with them we become Shri Mataji's instruments and channels, contributing to establish the New Jerusalem in the Heart of the Virata.

Would you like to participate in the continuation of this project? We will be collecting photographs and written experiences from yogis who have visited these places. Please send this material to either:

THE NEW JERUSALEM

**We humbly surrender this project to Shri Bhairava
who inspired it and guided us.**

**May He bless us as instruments to establish Shri
Mataji's vision of the New Jerusalem.**

We will not let our swords sleep in our hands.

May we please our Holy Mother in every moment.

Prayer to Shri Bhumi Devi, our Holy Grandmother

Please forgive us for putting our feet on You. Please bless us with humility, sweetness and gravity.

Our Divine Grandmother Shri Bhumi Devi, please accept us as the Children of Shri Adi Shakti, please receive our love, devotion and complete surrender.

We have gathered here as our Holy Mother's instruments, channels and the hollow flutes of Shri Krishna. May Shri Mataji trigger Her Divine Will through us, as our pure desire is to awaken the Four Chambers of the Heart on the journey to establishing The New Jerusalem.

Holy Grandmother, please take our roots ever deeper and make our Sushumnas reflections of Your Axis. May you accept our prayers and meditation as we connect to our brothers and sisters along these Holy leylnes that you have created for mankind.

May you bless and guide us wherever these Holy lines have been disturbed by man and send us wherever yogis need to go so that our connection to You generates Divine light and vibrations for evermore.
